CHÂTEAU DE LA GRENIÈRE

- CUVÉE DE LA CHARTREUSE

LUSSAC SAINT EMILION

As its name suggests, this cuvée is produced from the vineyards surrounding the family home, built in the "Chartreuse" architectural style.

This wine is a true reflection of the terroirs of La Grenière, where each of the three grape varieties expresses itself at its best. Merlot, Cabernet Franc, and Cabernet Sauvignon are blended in equal parts in this cuvée, grown on clay and gravel soils over a bed of blue clay.

These vines, over 80 years old, possess exceptional genetics and terroir for producing great wines.

The grapes harvested have small, relatively concentrated berries. Aging exclusively in oak barrels brings out the intensity and balance of this wine, which has excellent aging potential.

15,000 bottles produced

« This wine is dense—with impressive richness, succulent fruit, and smooth tannins. A superb wine to pair with food. »
