ESTHÈTE

- Château de La Grenière

LUSSAC SAINT EMILION

The aesthete embodies a quest for beauty and harmony. Just as someone who knows how to perceive and appreciate the subtlety of forms, this cuvée precisely expresses the balance, precision, and elegance that the terroirs of La Grenière have to offer.

It reflects our commitment to bringing out the very best that nature has to offer in every vintage.

Like an artist sketching a masterpiece, we harvest each of the three grape varieties by selecting the highest-quality sections of our vineyards.

Merlot, Cabernet Franc, and Cabernet Sauvignon are vinified separately in 7-hectoliter egg-shaped tanks. Our interventions are limited to a few punch-downs and topping up with wine to preserve the purity of each grape variety.

Once fermentation is complete, the three grape varieties continue their aging—still separately—in first-fill barrels for 12 months.

It is at the end of aging that the wine takes shape. The blending is the final touch that we believe best enhances this vintage at the estate. This approach makes each vintage unique.

2023: 2/3 Cabernet Sauvignon, 1/3 Merlot

Production: 1,800 bottles
