

PARENTHÈSE DE LA GRENIÈRE

- Rosé

IGP ATLANTIQUE

In the early 2000s, Jean Pierre sensed a shift toward new styles.

For his part, he spent several years experimenting to perfect the winemaking process for a new wine, the Parenthèse Rosé.

Equal parts Merlot and Cabernet Sauvignon blend beautifully during long, low-temperature vinification, revealing notes of citrus, yellow fruits, and English candies.

The grapes are harvested early in the morning so they can be pressed while still fresh, resulting in an ever-lighter color.

2,500 bottles produced.

« A delicate nose with notes of peach, grapefruit, and even candy. On the palate—which is quite rare for a rosé—it combines roundness and structure. »

Jean Pierre Dubreuil

A Winemaker's Words
